The Department of Geography, Gargaon College, is actively working towards expanding its academic and research horizons by developing Memorandums of Understanding (MOUs) and collaborations with foreign institutions. These initiatives aim to foster global partnerships that facilitate joint research projects and the publication of research in internationally recognized journals. By collaborating with renowned foreign universities and research institutions, the department seeks to enhance the quality of research and provide faculty with access to cutting-edge methodologies and global perspectives in geography. These international collaborations enable the department to engage in interdisciplinary studies that address global geographical challenges. Furthermore, such partnerships contribute to increasing the visibility and impact of the department's research output, ensuring that its contributions reach an international audience. Through these efforts, the Department of Geography is committed to promoting academic excellence, fostering a culture of innovative research, and establishing a reputation for producing high-quality research publications with international repute. These initiatives will significantly contribute to the overall academic growth of the department and position it as a key player in the global geography academic community.

Dr. Dilip Kumar Deke
Associate Professor & HOD
Dept. of Geography
