Brief Report of the Programme:

The Department of Geography has carried out a Soft Skill Programme at Na-mati High School, Nazira dated on 28th March 2024. The students in the 4th semester of the Department of Geography actively participated in the program. This is the joint venture program of department of Geography and Na-mati high school for the effective dissemination of knowledge and skills to the students of Na-mati High School. The students from class 6th to 9th standard participated in the program. The program has been fragmented into three parts pertaining to teaching, craft making and art and sketch making. The program intends to develop the skills of the students of Na-mati High School in art and craft making and to enhance geographical knowledge by focusing on regional and global geographical and environmental themes.

Rationality of the Program:

The basic idea behind the program organized in the Na-mati High School is to improve the Skill of students in the field of art and craft making. Art and craft are considered to be the part of Indian knowledge system. Skill improvement of school students through art and craft-making knowledge will ensure active participation and enable them to convert waste into wealth with a view of pollution control and natural resource management. This will develop a culture of sustainable development among the growing number of students in educational institutions.
