## ABOUT THE COLLEGE

One of the oldest and illustrious institutions of higher education in Assam, Gargaon College was established on 7th September 1959. With a commitment to achieve excellence in higher learning, the college has been working relentlessly for the development of the learner as well as the furtherance of social good. Dr Harendra Nath Phukan was the founder Principal of the college. The college came under the deficit-grants-in-aid system of Government of Assam in the year 1966 and had also been included under section 12 (B) and 2 (f) of UGC Act 1956 under the affiliation of Dibrugarh University. Subsequently, the college was provincialized in 1966 under the leadership of Tanu Konger, the first permanent Principal of this institution.

Located in the heart of Gargaon, the college is fourteen kilometers to the east of Sivasagar town and well connected by road and rail. The Simaluguri Railway Station lies at a distance of 2.2 kilometers from the college premises. The college has a vast green campus set in peaceful surroundings. Its verdant setting makes it an exclusive destination from the environmental and ecological point of view. About 33 numbers of bird diversity, 32 numbers of fish diversity and more than two hundred varieties of medicinal plants have been identified at the college campus. The college has also initiated an organic garden and a vermicompost project for promoting sustainable agricultural practices in the campus.

From the historical standpoint, Gargaon was the capital of the Ahom Kingdom from 1539 A.D. to 1695 A.D. During this prolonged period, 15 successive kings were crowned on the throne beginning from Siu-Klen-Miung alias Gargaya Raja to Siu-Pat Pha alias Gadadhar Singha. The Kareng Ghar, the seven storied Royal Palace of the

Ahom kings, is situated within Gargaon. In addition to this, several unique and ancient monuments have been found in the environs of Gargaon that still resonate the glory of the Ahom Kings and Assamese people of yore.

The College currently provides both Higher Secondary and Three-Year Bachelor's Degree (Major and Pass Course) courses to more than two thousand students every academic year. The College has three faculties - Arts, Science and Commerce spread over seventeen departments, viz. Assamese, Botany, Chemistry, Commerce, Economics, Education, English, Geography, Geology, History,

Mathematics, Physics, Political Science, Rural Development, Sociology, Statistics and Zoology. The curriculum followed by the College at the Degree level is the one prescribed by Dibrugarh University. For Higher Secondary (viz, Arts, Science and Commerce), the syllabus and curriculum followed is the one prescribed by the Assam Higher Secondary Education Council. Apart from this, the college also provides a one year Post Graduate Diploma in Computer Applications (*PGDCA*).

In tune with its mission of delivering quality education, the college is always open to introducing new subjects and courses for the benefit of the student community. In this direction, the college, besides its regular courses, has taken the initiative to introduce a select list of Certificate, Diploma and Vocational programmes, too. Moreover, the college, under the aegis of its career counselling and guidance cell, offers career counselling and organizes different training programmes to orient its students towards the choice of an appropriate career on the basis of their skills, weaknesses, aptitudes and strengths.

Since its establishment, the college under the adroit and pioneering guardianship of eminent educationists and teachers has been successfully fulfilling the emerging needs and challenges of the times. In fact, it has been persistently trying to improvise

its knowledge delivery mechanism and infrastructure. The College was assessed and accredited by the *National Assessment and Accreditation Council (NAAC)* for the first time in the year 2004. It was re-accredited for the second time in the year 2010. Most recently NAAC re-accredited the college with 'B-Grade' in the year 2019.

The college is committed towards growing into a center of excellence and sustaining its historical legacy to be the best by catering to all the needs of the learners, particularly those belonging to the weaker sections of the society. With such an aim in mind, the college has adopted a *Scheduled Castes (SC)* dominated village named Darika Kaibatra Gaon as a model village for the upliftment of its people in the area of education, health, etc.

Considering the social and economic backwardness of the region, Gargaon College has taken the onus of enlightening and edifying the minds of its students so that they can become exemplary citizens and contribute to the betterment of the society.

The next speaker, Dr. Dipti Vishuddhankoon highlighted on a different angle of looking at feminism by throwing light on Buddhist feminism whereas, Dr. Hemjyoti Medhi of Tezpur Central University talked about Women and the making of public sphere in Contemporary Assam. The Webinar was coordinated by Dr. Rashmi Rekha Saikia, Head and Associate Professor of Department of English and the Vote of Thanks was offered by Mrs. Shyamolima Saikia, Assistant Professor of English Gargaon College. The technical aspect of the Webinar was managed by Dr. Pankaj Kumar Nath, Librarian and Dr. Dimbeshwar Das, Assistant Professor of Botany Department Gargaon College.

**Line of Amity: An Eye to India – China Boundary Resolution**

**13<sup>th</sup> June, 2021**

**Organized by the Department of Political Science in collaboration with Internal Quality**

**Assurance Cell, Gargaon College**

**Resource Person – Dr. Jaideep Saikia, Eminent Author and Security Analyst**

**Author & Security Analyst**

Dr. Sabyasachi Mahanta, noted columnist and Principal of Gargaon College, delivered the welcome address of the Webinar. In his welcome address, highlighting the glorious journey of the institution he said that Gargaon college is one of the premier institutions of higher seat of learning in Upper Assam. He praised the organizer and the faculty members of department of Political Science for organizing a webinar on such a relevant topic on contemporary time. He added that such a topic would be beneficial to the students and participants to share their views and to enlighten on such a complex issue. He thanked the participants and research scholars for their active participation in the webinar and he hoped that their participation would definitely help in making the discussion fruitful. The webinar was coordinated by Mr. Yuvaraj Gogoi, Assistant Professor of Political Science Department. He gave a brief introduction and achievement of the Resource Person, invited on the occasion. Dr. Jaydeep Saikia, eminent author and security analyst spoke on the topic and illuminated with his thought provoking speech on Line of Amity, the frame of the webinar. While throwing light on the topic, he mentioned about China's military doctrine. Line of amity is included in the eastern part of China, he said. He spoke about warfare under modern conditions from Mao's People War. The Chinese aggression was a manifestation of Chinese defense. He considered it unfortunate boarder war. He added that India underestimated Chinese military strength and embarked on 'Forward Policy'. Dr. Saikia said that Nehru attempted to raise the MML issue to a legal level whereas a political solution was pragmatic. He further stated that credible forces-i-being should precede meaningful dialogue. That's why he felt that the war is ongoing. China, he said wanted to teach India a lesson. Forward policy that India has embarked on, has instill a feeling of teaching a lesson to India by China. He talked about non-delineation of LAC facilitating claims over Arunachal Pradesh despite CBMs. They fear about another forward policy or posturing for negotiations. Tibet

Autonomous region has nuclearized. He talked about dragon footprints. Summing up, he said that protracted negotiations has not made headway. Non-resolution has increased mistrust, skirmishes and standoffs. He also pointed that there is inability to solve the I-C Boundary eluding common idiom and the status quo expressing itself in increasing bilateral hostility. He felt that Line of Amity is a viable option under the circumstances. We are not going to give an inches of land, he said. He ended his speech by saying that Line of Amity is the only opening gambit in the horizon.

The webinar came to an end with the vote of thanks offered by Dr. Pobon Gogoi, Head and Associate Professor of the Department of Political Science, Gargaon College.

## Webinar on India-China boundary issue held

Transforming LAC into 'Line of Amity' suggested

CORRESPONDENT

SIVASAGAR, June 13: The Department of Political Science in collaboration with the Internal Quality Assessment Cell (IQAC) of Gargaon College successfully organised a national webinar on, 'Line of Amity: An Eye to India-China Boundary Resolution'.

Principal Dr Satyasachi Mahanta of Gargaon College while inaugurating the webinar highlighted the objective of the programme. He said Gargaon College has been trying to provide food for thought for the academic community and the students at large during this time of pandemic by organising webinars on various relevant issues.

Eminent author and national security analyst Dr Jaideep Saikia was invited as the keynote speaker of the webinar. It is noteworthy that Saikia has also served the governments of India and Assam as security adviser,

including a stint with the National Security Council Secretariat. He was engaged in "Track-II Dialogue" with Bangladesh (2007 and 2016), Bhutan (2013), China (2002 and 2014), Japan (2016) and Myanmar (2008 and 2014) and has been an 'International Visitor' to the United States in 2003 on the invitation of the US Department of State.

An alumnus of Rashtriya Military Academy, St. Stephen's College and the University of Illinois, Dr Saikia traced the genesis of the India-China boundary problem and looked at the issue from both the perspectives of India and China. He came up with a novel concept called "Line of Amity" which is not

merely a change of nomenclature of "Line of Actual Control (LAC)" but also a change of perspective towards the LAC.

He suggested that the policy-making circles could consider the thought of transforming the LAC into a "Line of Amity" in selected sectors.

This, according to Dr Saikia, "would have far-reaching implications in that it would resolve the border stalemate and skirmishes with China to a significant extent."

Dr Saikia enthralled an august online gathering of around 500 participants from different parts of India. He also addressed the queries of the participants with absolute candour and brilliance.
